

Triax & Tri-Code H.S. Software Updates

Kaba Ilco Corp announces the release of new software updates for three of its computerized high security key machine models. These updates further enhance the impressive capabilities of each listed model by adding additional automotive code series and electronic depth & spacing data to their on-board databases. The software updates are platform specific; customers should make their order selection based upon the model number of their machine.

This software adds the following code series coverage:

Manufacturer	Code Series
Hyundai	LK0001-2500
Hyundai	M0001-2500
Hyundai	HK0001-2500
Hyundai	1001-3500
Hyundai	X1001-3500
Hyundai	B0001-2608
Hyundai	X0001-2254
Hyundai	(Card Key) X0001-2254
Hyundai/Kia	K0001-2500
Kia	E0001-2500
Kia	KG0001-2500
Kia	V0001-2500
Kia	KU0001-2608
Kia	UM1001-3500
Mercedes	Card for 2T-10W HU64P
