

FOR IMMEDIATE RELEASE

PRESS RELEASE

Rocky Mount, NC, (July 2, 2018) - Ilco is pleased to announce the latest Futura model, the **Futura Edge** for edge cut residential, commercial and automotive keys.

Built on the successful Futura platform the Futura Edge is designed and engineered to originate, decode and copy edge-cut keys.

Futura Edge is controlled by a removable 10" touch screen tablet, which guides the user step-by-step in all key cutting operations. Software features include shortcut function for vehicle key cutting code searches and a key cut preview.

The Optical Laser provides a quick "Copy by Original" or "Decode and Copy" of edge cut keys.

To learn more about this new model, visit www.ilco.us A brochure and additional Futura Edge documents are on the Ilco web site under Key Machines, Traditional Edge Cut, Electronic Operation

Futura Edge The Latest Futura Model
